Re: University Scholars Program, Academic Year 2017-18

The Office of the Vice President for Academic Affairs has announced the thirty-fourth year of the University Scholars Program, which provides tangible recognition of faculty excellence. A description of this prestigious program, sponsored by the Office of the President, is attached. The program provides a three-year award to faculty members who have demonstrated superior performance in scholarly activities in both research and teaching and who show great promise for future achievements.

Funds will be provided in three consecutive academic years to the UIC campus to support seven University Scholars.

Attached you will find a description of the University Scholar Award, guidelines for nominations, and a list of past recipients. The deadline for receipt of nominations is Friday, February 23, 2018. Nominations should be filed with the Office of the Provost and Vice Chancellor for Academic Affairs, c/o Elizabeth Dooley, Room 513 Student Center East (SCE), m/c 303. The nomination packets must be submitted as a hardcopy original and along with an electronic copy in PDF format. Please contact Elizabeth Dooley at (312) 996-2926 or email edooley@uic.edu if you have questions.

Information and guidelines for submission can also be accessed at: http://faculty.uic.edu/awards/nominations/ Your assistance in identifying distinguished UIC faculty nominees for the University Scholars Program will be greatly appreciated.

Please bring this announcement to the attention of your faculty.

UNIVERSITY SCHOLARS PROGRAM

Faculty excellence is the cornerstone of any university of high quality. There is no more important task at the University of Illinois than attracting and retaining the very best teachers and scholars. The University Scholars Program is designed to identify outstanding members of the faculty and to provide each with a modest amount of funds annually for a defined number of years. The importance of these awards lies in the flexibility with which the funds may be spent. Recipients may use the funds at their discretion to enhance their scholarly work, except for salary rate increases, which are not permitted. The awards are not made for a specific project or proposal; rather, they are a symbol of the recipient's excellence and the University's commitment to foster outstanding people and their work. Therefore, the awards are made through nominations, not by application.

University Scholars

Awards of $15,000 per year will be made on a three-year basis to members of the faculty whose work is clearly superior. University Scholars may be individuals already on the University of Illinois faculty, or the awards may be used to attract faculty from other institutions to the University. Nominees for these awards will be carefully screened to assure that those selected are among the very best in their fields.

Eligibility to the University Scholars Program is limited to members of the University of Illinois faculty, as defined in the University Statutes, i.e. members of the academic staff who are tenured or receiving credit toward tenure. **Nominations of women and underrepresented minority faculty are strongly encouraged.**

Award recipients will be recognized at the Faculty Awards Celebration in the fall.
Guidelines for the UIC University Scholars Program Nominations
Office of the Provost and Vice Chancellor for Academic Affairs

Please Note: This process is confidential. A nominator should not inform the individual of her or his nomination. University Scholars award recipients will be notified by the President in late summer.

Eligibility Guidelines

1. Nominators often will be the chair or head of the faculty member’s unit; when this is not the case, it is requested that a nominator submit a copy of the nomination materials to the appropriate head or chair for endorsement.

2. Nominees need not come from the nominator’s own unit.

3. Department heads and chairs are themselves eligible for nomination.

4. Past University Scholars are not eligible for the award.

5. Only tenured or tenure track faculty are eligible for the award.

Format Guidelines for Nomination Materials

1. Nomination materials must include an up-to-date copy of the nominee’s curriculum vitae and bibliography, and, most importantly, a detailed statement of justification from the nominator. Previous review panels have found clear, but detailed, statements of justification to be of significant value in their deliberations.

2. State clearly that this nomination is for the University Scholar award.

3. Outside letters of appreciation or recommendation should not be included.

4. Nominators should make every effort to include complete information on the history of the nominee’s research funding and external awards and prizes.

5. Nominators should keep in mind that nomination materials will be reviewed at the campus level by a panel of faculty from differing disciplines, i.e., non-specialists. For this reason, nominators are urged to include a description of what criteria are especially important for defining excellence and national eminence in the nominee’s field of learning.
Processing Guidelines

1. All nominations must be routed through and carry the endorsement of the Dean of the respective College before submission to the Office of the Provost and Vice Chancellor for Academic Affairs. These nominations may be rank ordered.

2. One hard copy original packet along with an electronic copy in PDF format should be submitted to the Office of the Provost and Vice Chancellor for Academic Affairs, c/o Elizabeth Dooley, Room 513 Student Center East (SCE), m/c 303 by Friday, February 23, 2018.

3. One pdf of each nominees’ complete materials is to be uploaded to a Box folder. Colleges are required to submit names of (up to) two individuals along with their valid netids, to (Elizabeth Dooley edooley@uic.edu) by Friday, January 26, 2018. These individuals will be permitted to upload the electronic materials to the Box.

4. This process is confidential. A nominator should not inform the individual of his or her nomination. University Scholars award recipients will be notified by the President in late summer.
UNIVERSITY SCHOLARS PROGRAM AWARD RECIPIENTS 1985-2017

2017-2020
University Scholars
Erricolo Danilo, Electrical and Computer Engineering
Nancy Freitag, Microbiology and Immunology
Stacey Horn, Educational Psychology
ZoZo-Angeliki Papacharissi, Communication
James Patton, Bioengineering
Angela Tyner, Biochemistry and Molecular Genetics
Venkat Venkatakrishnan, Computer Science

2016-2019
University Scholars
Alexander Furman, Mathematics, Statistics, and Computer Science
Joy Hammel, Occupational Therapy
Robert C. Liden, Managerial Studies
Donald A Morrison, Biological Sciences
Mariann R. Piano, Biobehavioral Health Sciences
Nava Segev, Biochemistry and Molecular Genetics
Zaijie “Jim” Wang, Biopharmaceutical Sciences

2015-2018
University Scholars
Luisa DiPietro, Periodontics
Tonda Hughes, Health Systems Science
Brian K. Kay, Biological Sciences
Dirk K. Morr, Physics
Emad Tajkhorshid, Pharmacology
Nikolas Theodore, Urban Planning and Policy
Daniela Tuninetti, Electrical and Computer Engineering

2014-2017
University Scholars
Scott T. Brady, Anatomy and Cell Biology
Serdar Ogut, Physics
Ghanshyam N. Pandey, Psychiatry
Guido F Pauli, Medicinal Chemistry and Pharmacognosy
James W. Pellegrino, Psychology
Steven E. Tozer, Education Policy Studies
Philip S. Yu, Computer Science

2013-2016
University Scholars
Carol Ferrans, Biobehavioral Health Sciences
Tanera Marshall, Theatre and Music
Sudip Mazumder, Electrical and Computer Engineering
Nagamani Pavuluri, Psychiatry
William H. Teale, Curriculum and Instruction
Donald Wink, Chemistry
2012-2015
University Scholars
Michael Cho, Bioengineering
Vladimir Gevorgyan, Chemistry
E. Douglas Lewandowski, Physiology and Biophysics
Constantine M. Megaridis, Mechanical and Industrial Engineering
Janet E. Richmond, Biological Sciences
David S. Ucker, Microbiology and Immunology
Diana J. Wilkie, Biobehavioral Health Sciences

2011-2014
University Scholars
Isabel Cruz, Computer Science
Pradeep Dudeja, Medicine
Hannah Higgins, Art History
Jason Leigh, Computer Science
Christina Mazza, English
Pradip Raychaudhuri, Biochemistry and Molecular Genetics
Jason X.J. Yuan, Medicine

2010-2013
University Scholars
Marc S. Atkins, Psychiatry
Xiaoping Du, Pharmacology
Cecilia Gerber, Physics
Jie Liang, Bioengineering
Dan Schonfeld, Electrical and Computer Engineering
Alfred Thomas, English
Rosemary White-Traut, Women, Children and Family Health Science

2009-2012
University Scholars
Frances R. Aparicio, Latin American & Latino Studies
Dimitri T. Azar, Ophthalmology and Visual Science
Edwin H. Cook, Psychiatry
Douglas A. Garofalo, School of Architecture
Nissim Hay, Biochemistry and Molecular Genetics
Thomas J. Royston, Mechanical and Industrial Engineering
Orui Wolfson, Computer Science

2008-2011
University Scholars
Marc E. Culler, Math, Statistics and Computer Science
Yoshitaka Ishii, Chemistry
Marcia E. Lausen, Art and Design
Bing Liu, Computer Science  
Hayat Onyuksel, Pharmaceutics and Bioengineering  
Maria Varelas, Curriculum and Instruction  
Richard Ye, Pharmacology  
Walter Benn Michaels, English  

2007-2010  
University Scholars  
Charles J. Hoch, Urban Planning and Policy  
Gyungho Lee, Electrical and Computer Engineering  
Krishna R. Reddy, Civil and Environmental Engineering  
Sol Shatz, Computer Science  
Anthony Tasset, School of Art and Design  
Gregory R. Thatcher, Medicinal Chemistry and Pharmacognosy  

2006-2009  
University Scholars  
Robert Bruegmann, Art History  
Gerald Graff, English  
Derong Liu, Electrical and Computer Engineering  
Alexander Neyfakh, Pharmaceutical Biotechnology (Posthumous)  
Beth Richie, African-American Studies  
Prasad Sistla, Computer Science  
George Uslenghi, Electrical and Computer Engineering  
Clement Yu, Computer Science  

2005-2008  
University Scholars  
Farid Amirouche, Mechanical and Industrial Engineering
