WHO WE ARE:
The Department of Biological Sciences is one of five natural science departments in the College of Liberal Arts and Sciences. We offer undergraduate and graduate training opportunities in all major areas of biology, including molecular, cellular, and developmental biology, neuroscience, ecology, and evolution. We teach and mentor 2,000 biology majors, 70 neuroscience majors and also co-teach, with the Department of Chemistry, over 400 biochemistry majors at UIC.

WEBSITE: bios.uic.edu

DEGREES OFFERED: Bachelor of Science, Master of Science, PhD

POTENTIAL CAREER OPTIONS:
Studying biology provides opportunities in areas such as teaching, research, specialized fields (bioengineering, food technology) and professional schools (medicine, pharmacy, dentistry and law).

MOST POPULAR COURSES:
• Ecology       • Microbiology       • Biochemistry

OPPORTUNITIES:
Biology is part of the Guaranteed Professional Program Admissions (GPPA) Initiative that ensures qualified undergraduate applicants gain guaranteed postgraduate admission to medical school or other professional programs at UIC.

WHERE YOU CAN FIND US:
Department of Biological Sciences
Science and Engineering South, 3rd Floor
With laboratories in Science and Engineering Laboratory-East and Molecular Biology Research Building
